What is your **typical time of arrival** on campus?

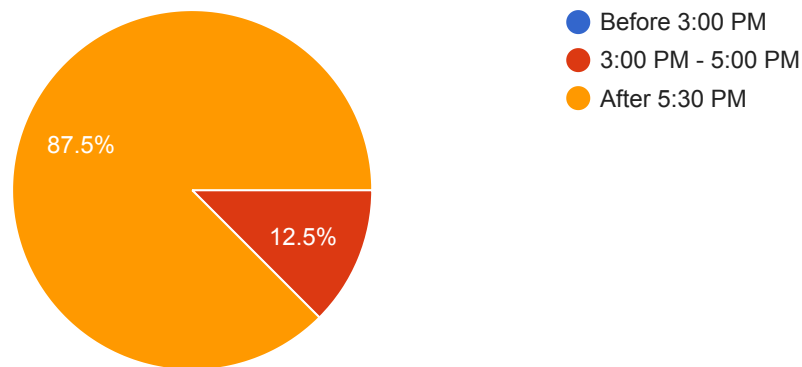

16 responses

 Copy

What is your **typical time of departure** from campus? Copy

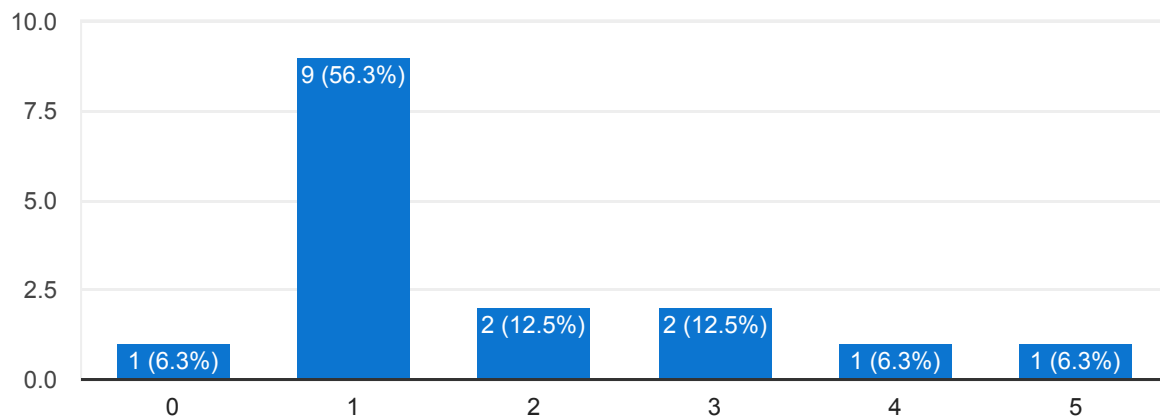

16 responses

How often do you leave the campus during office hours (8:30 AM - 5:30 PM) for personal reasons and then return?

 Copy

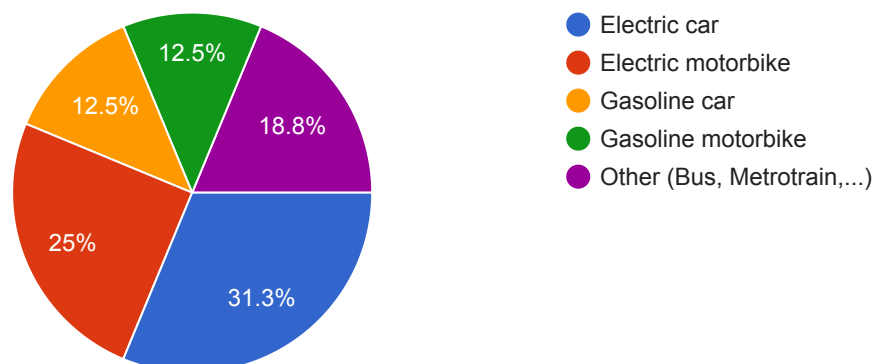

16 responses

What is your type of vehicle?

 Copy

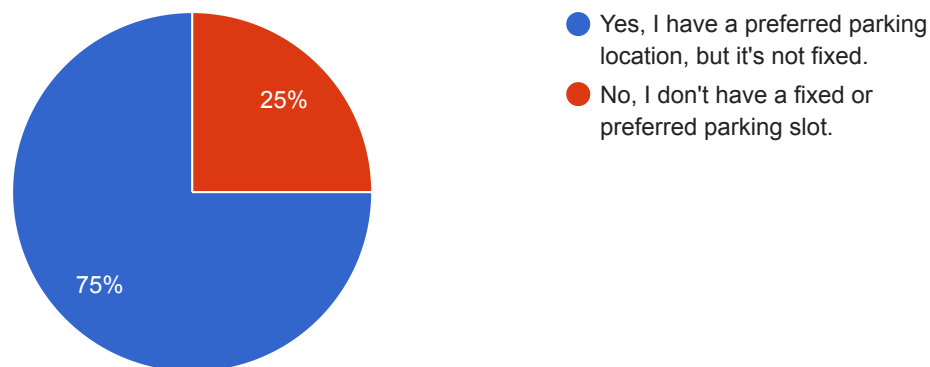

16 responses

Do you have a **preferred parking slot** on campus?

 Copy

16 responses

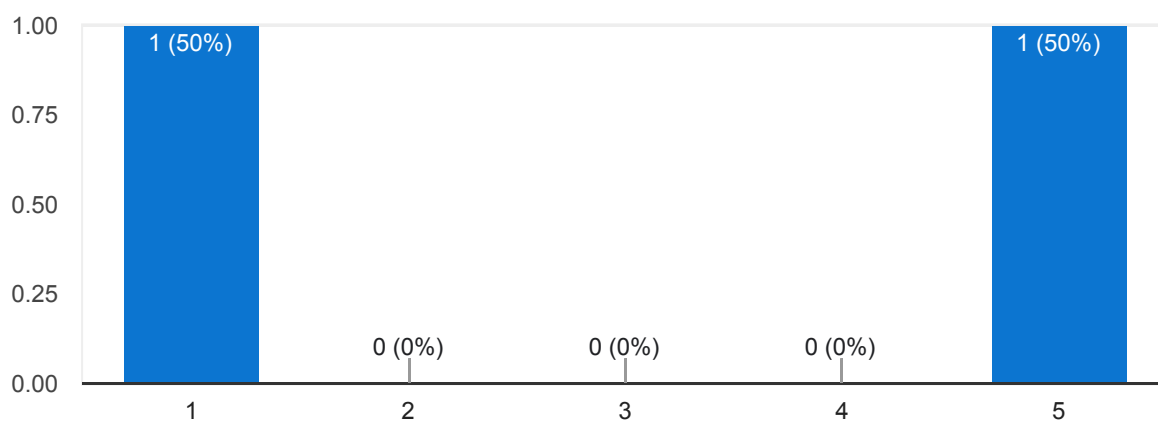

B. PARKING PREFERENCE

How likely are you to **avoid parking in spaces designated for electric vehicles** with operational charging stations?

 Copy

2 responses

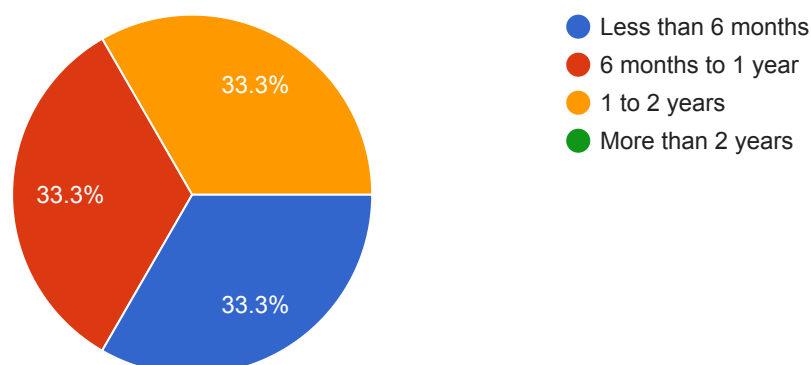

B. EV CHARGING PREFERENCE

How long have you owned your EV?

 Copy

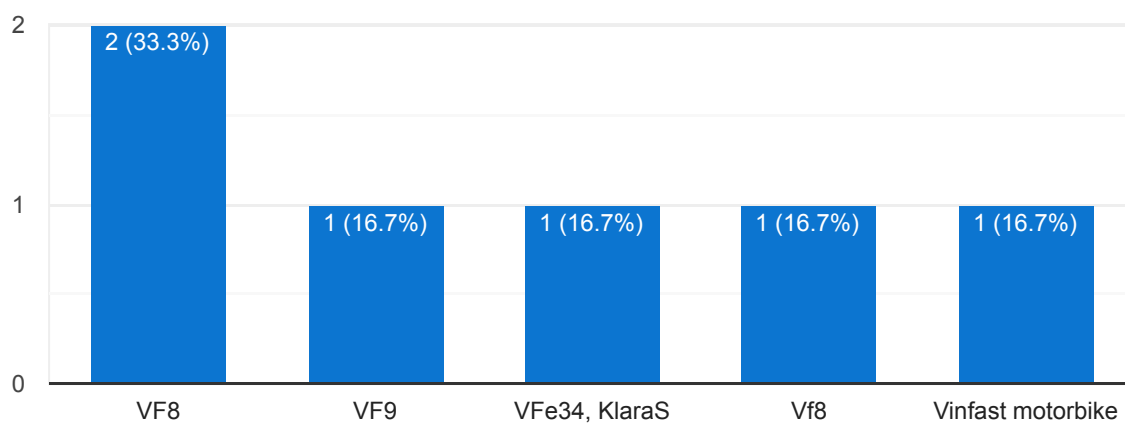

6 responses

What is your EV model (ex. VF8, VF9, VFe34, Klara, Feliz, ...)?

 Copy

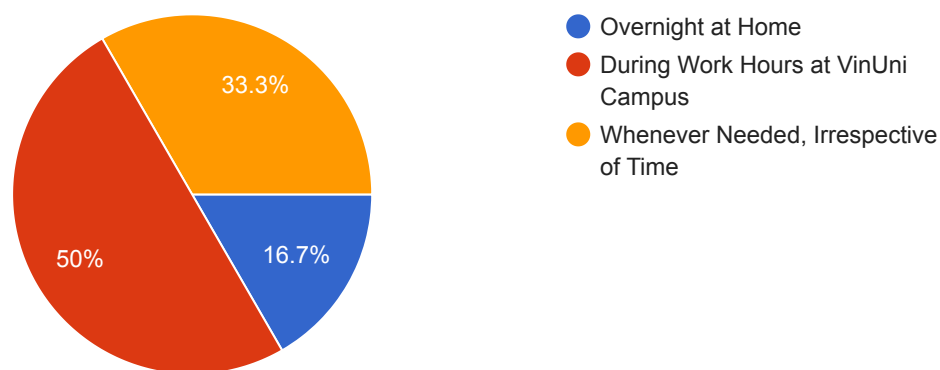

6 responses

When do you **most frequently** charge your electric vehicle?

 Copy

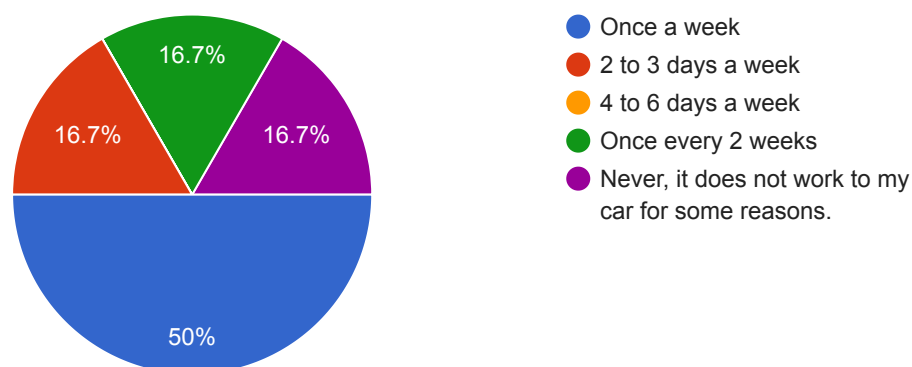

6 responses

How often do you charge your vehicle at the VinUni campus?

 Copy

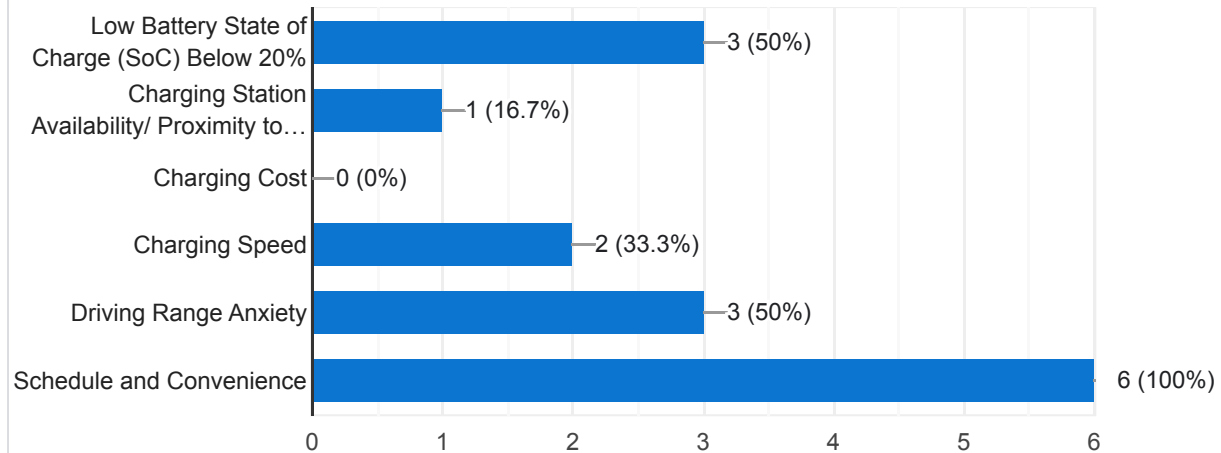

6 responses

What **factors influence your decision to charge** your EV? (Check all that apply)

[Copy](#)

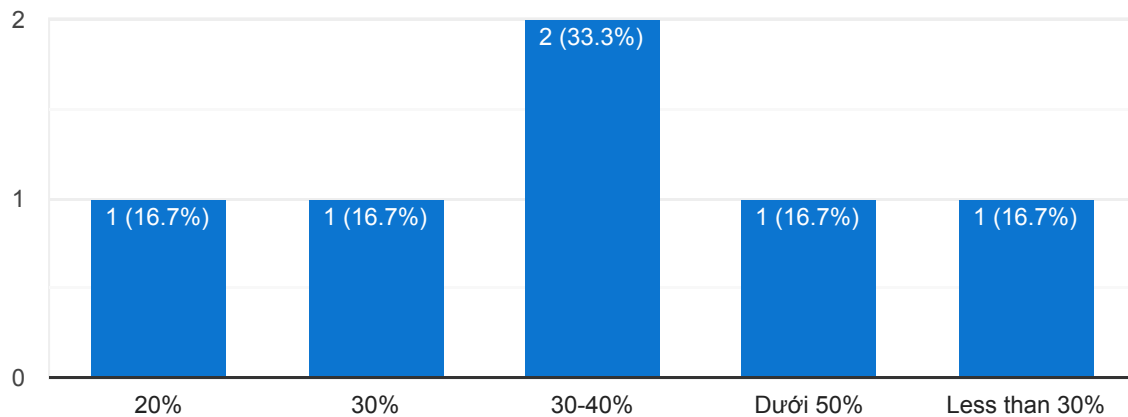

6 responses

At what **State of Charge (SoC) percentage** do you typically start charging your electric vehicle?

[Copy](#)

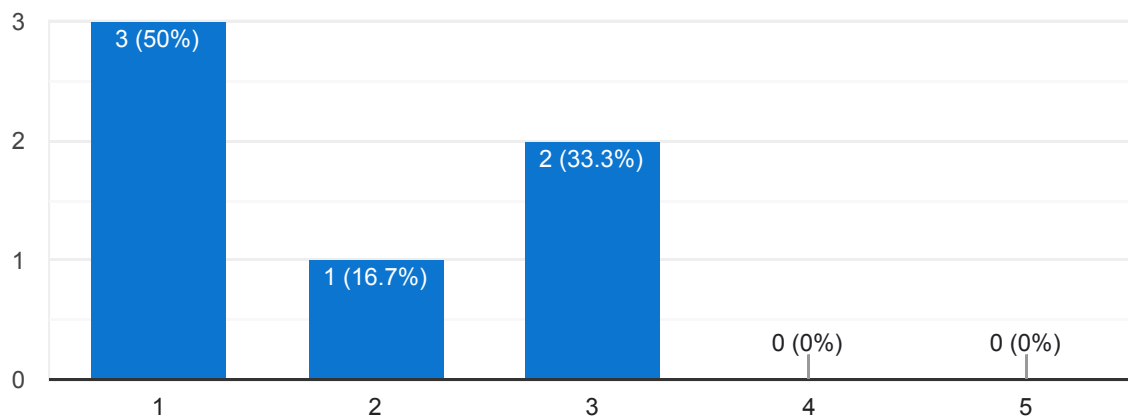

6 responses

How likely are you to choose a **fast-charging station that is farther away** to your location?

[Copy](#)

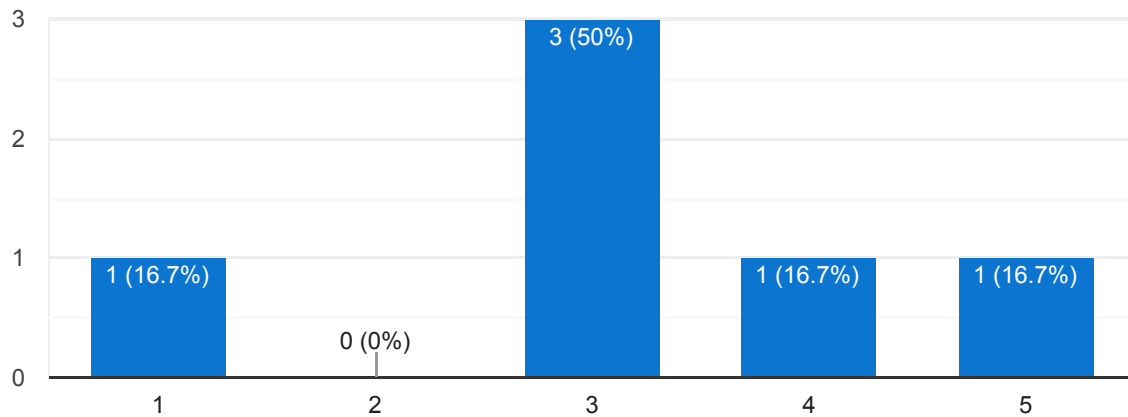

6 responses

How likely are you to choose a **slower charging station that is closer to your location?**

 Copy

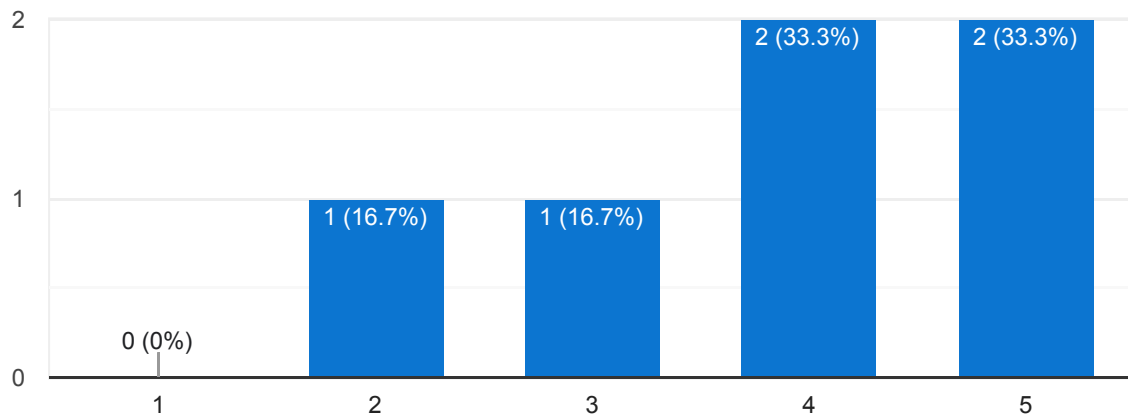

6 responses

How does **charging speed** affect your choice of parking slot for EV charging?

 Copy

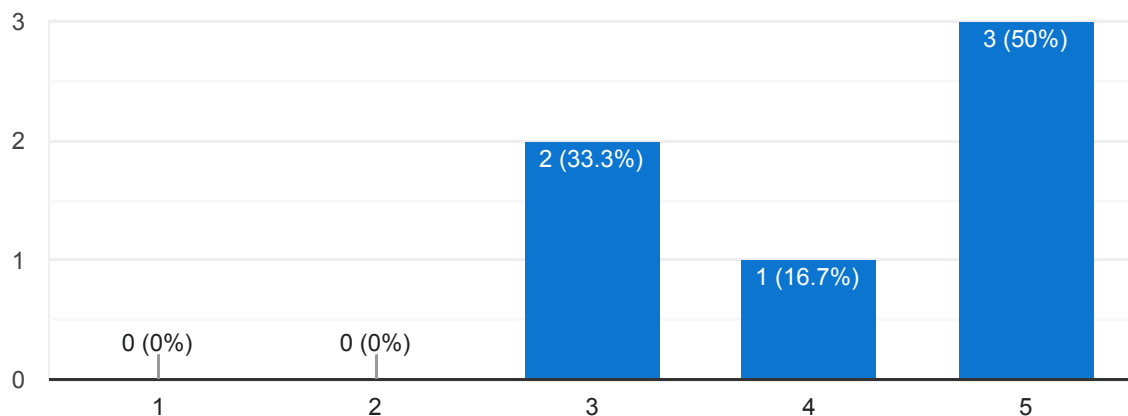

6 responses

How does the **distance to the charging port** affect your choice of parking slot for EV charging?

 Copy

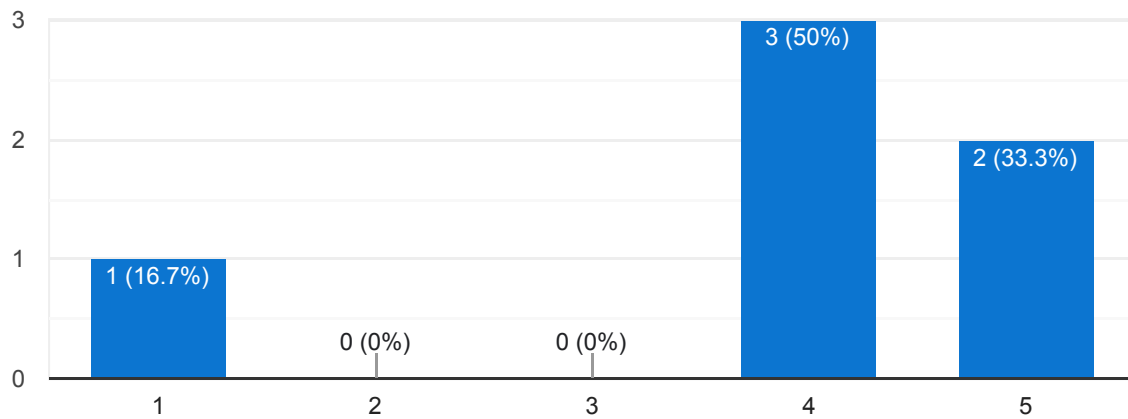

6 responses

How likely are you to **prefer charging your EV to 100% in one session?**

 Copy

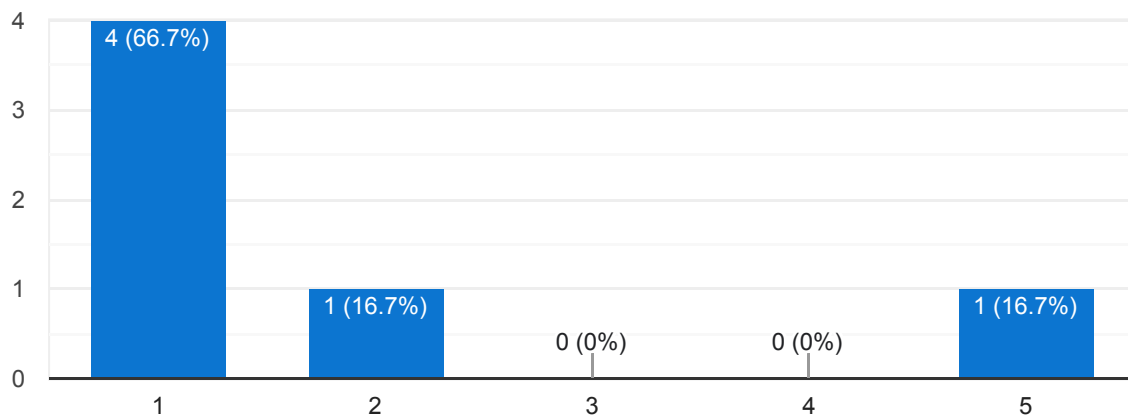

6 responses

How likely are you to **prefer charging multiple times to maintain a higher state of charge?**

 Copy

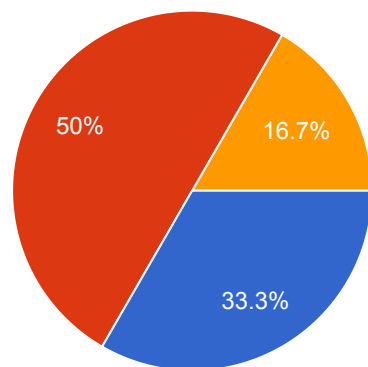

6 responses

After receiving notification that your EV is fully charged, what is your action?

 Copy

6 responses

-  I promptly unplug the charge and relocate my vehicle to another parking spot, ensuring...
-  I promptly unplug the charge but do not change my parking position.
-  I keep the charge plugged in until it is convenient for me to...
-  I keep the charge plugged in until I depart from VinUni

How much money do you usually pay for every charging session?

6 responses

150,000 VND

Less than 150000 VND

60-80k vnd

1,5 mil vnd per month

80000vnd

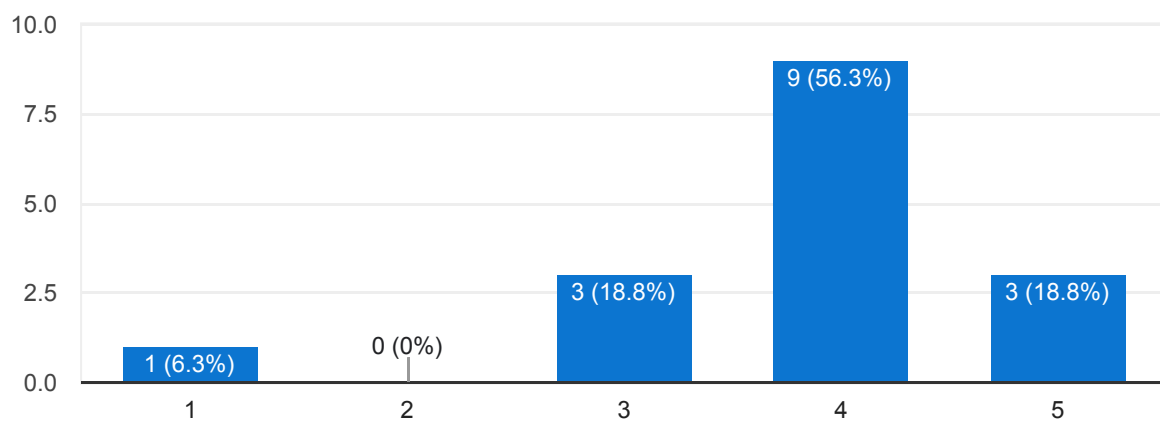

I don't know

C. FUTURE IMPROVEMENTS

How satisfied are you with charging ports at VinUni?

 Copy

16 responses

What improvements or changes would you like to see in the parking area or EV charging infrastructure on campus?

6 responses

More types of charging station please, the small one does not work to my car.

Activate more charging station

Not enough fast chargers for cars

More charging ports available. At least 1 or 2 fast charge stations in case needed. That would be great if I know that the electric charging on my car is from renewable sources (solar, wind,...)

The main parking should have the bigger charger

Không

What improvements or changes would you like to see in the parking area or EV charging infrastructure on campus?
