

Electric Vehicles (EV) Charging Behavior Survey

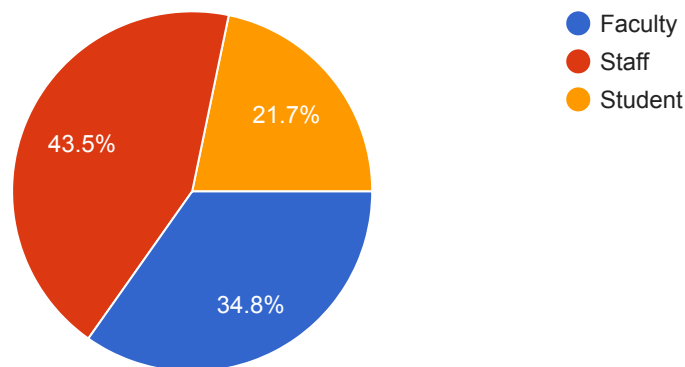

46 responses

A. Participant Demographic

You are:

46 responses

 Copy

What is your **typical time of arrival** on campus?

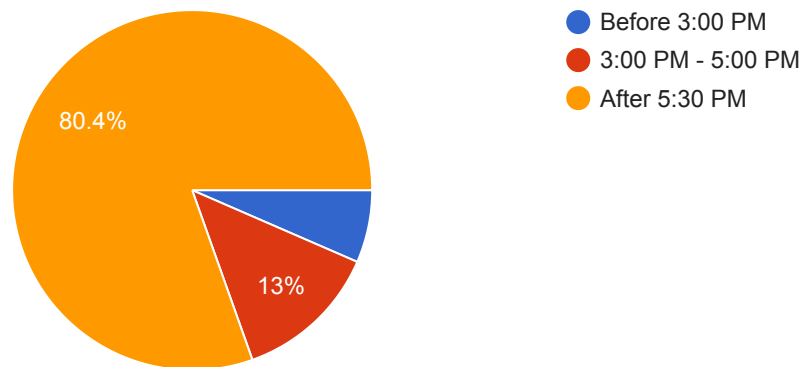

46 responses

 Copy

What is your **typical time of departure** from campus? Copy

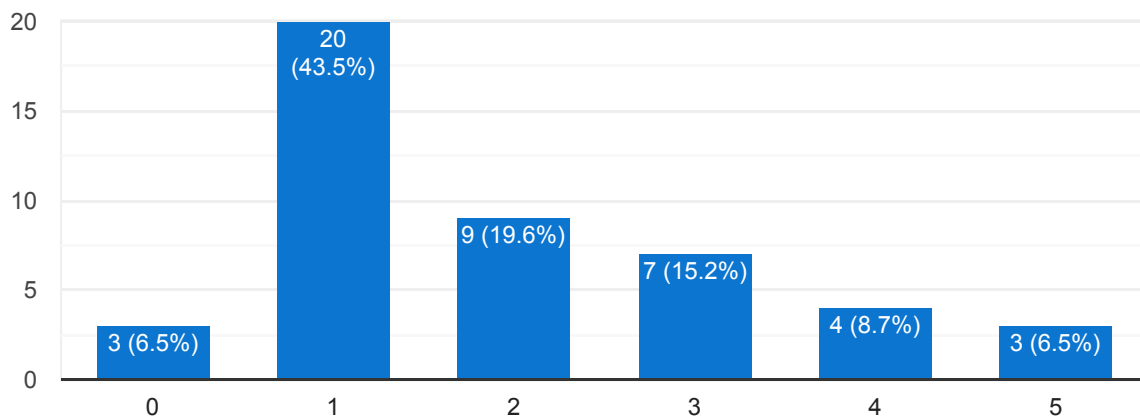

46 responses

How often do you leave the campus during office hours (8:30 AM - 5:30 PM) for personal reasons and then return?

 Copy

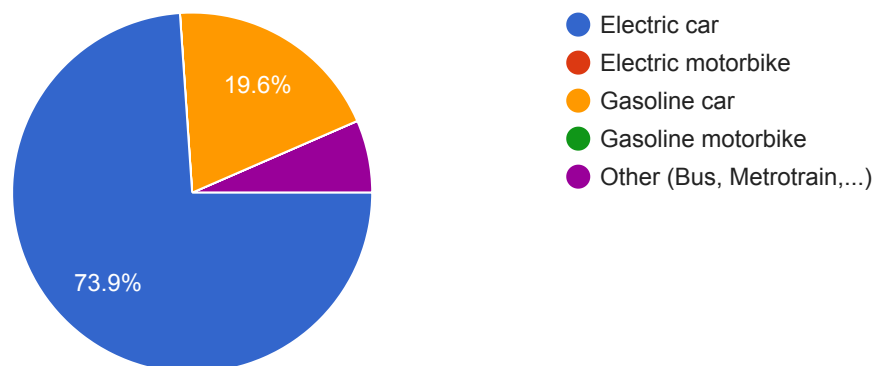

46 responses

What is your type of vehicle?

 Copy

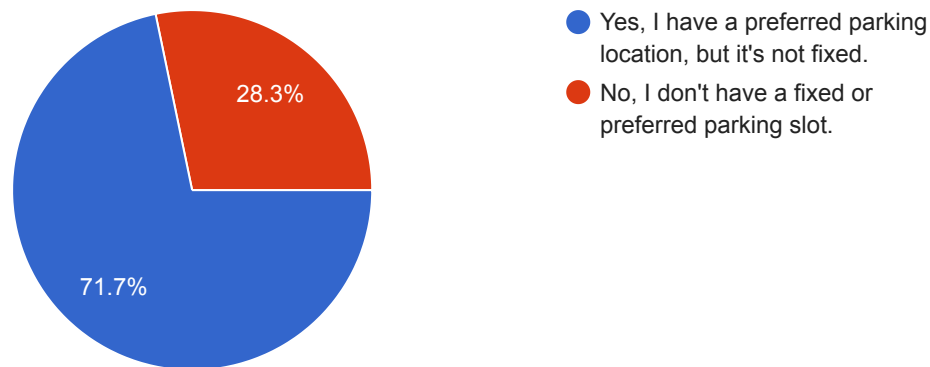

46 responses

Do you have a **preferred parking slot** on campus?

 Copy

46 responses

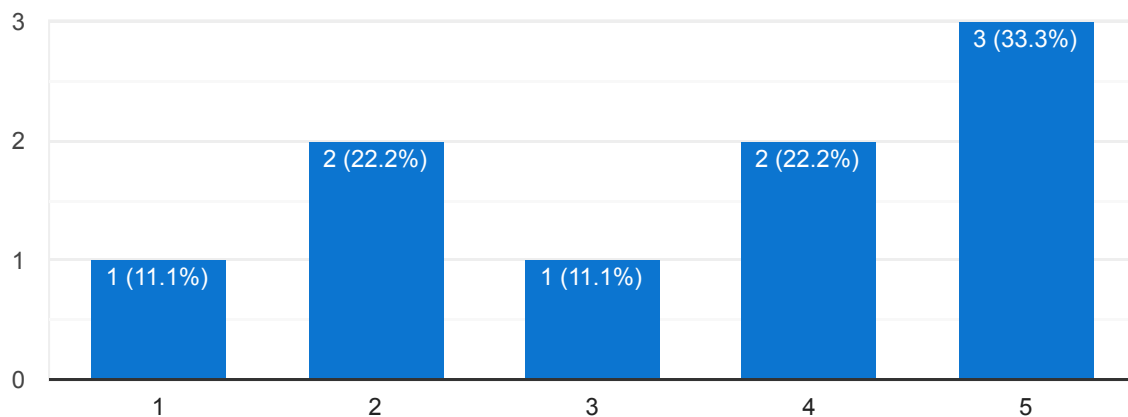

B. PARKING PREFERENCE

How likely are you to **avoid parking in spaces designated for electric vehicles** with operational charging stations?

 Copy

9 responses

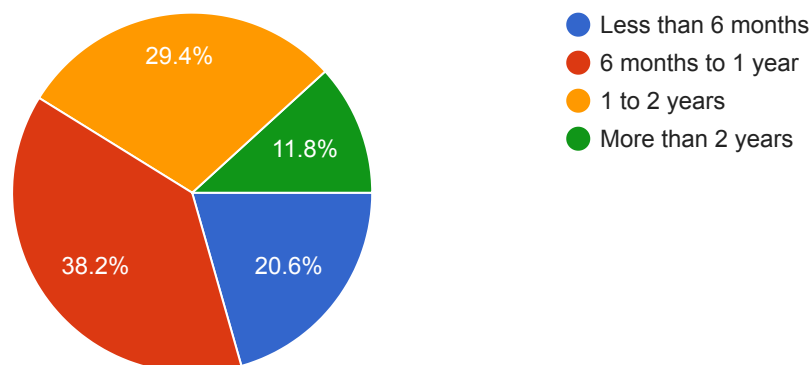

B. EV CHARGING PREFERENCE

How long have you owned your EV?

 Copy

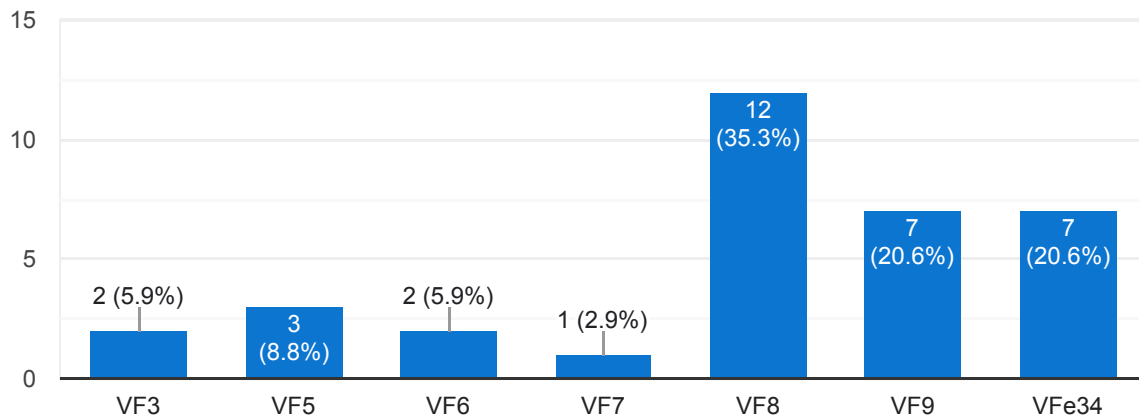

34 responses

What is your EV model (ex. VF3, VF5, VF8, VF9, VFe34, Klara, Feliz, ...)?

 Copy

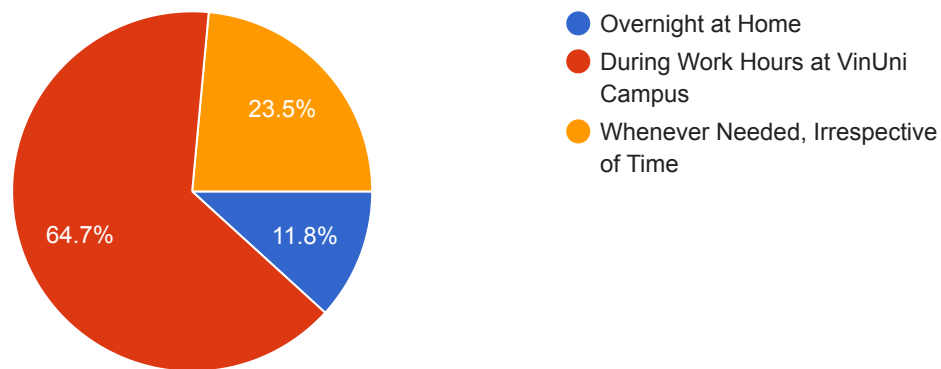

34 responses

When do you **most frequently** charge your electric vehicle?

 Copy

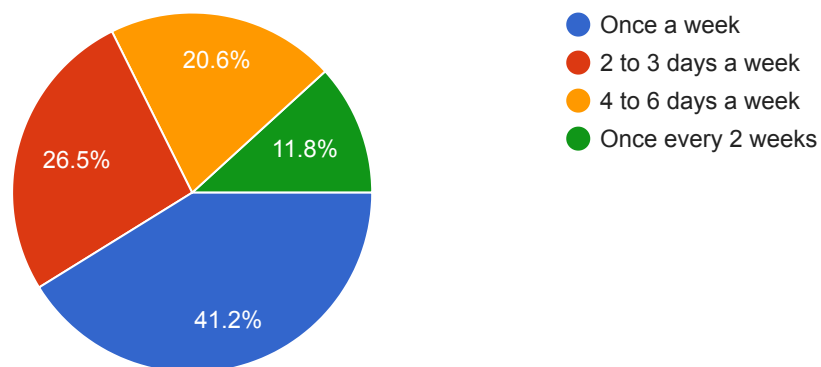

34 responses

How often do you charge your vehicle at the VinUni campus?

 Copy

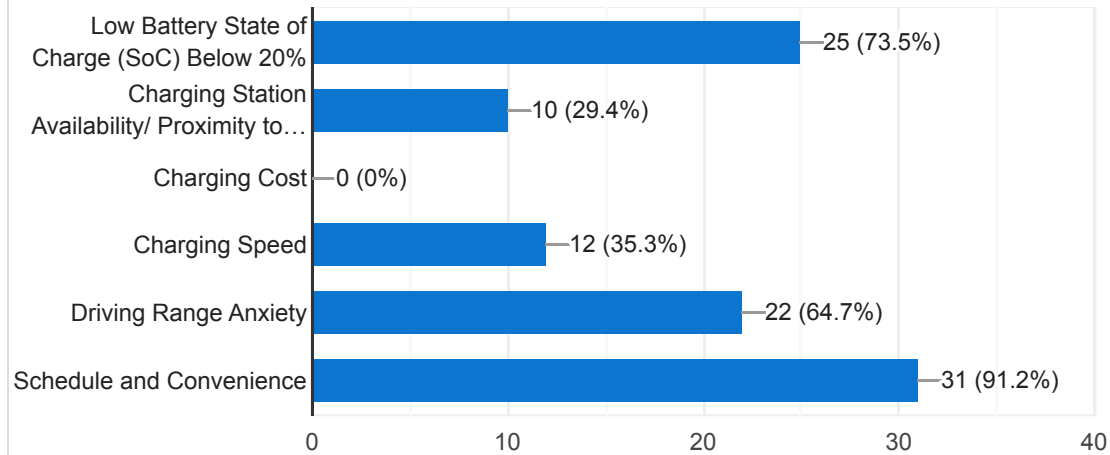

34 responses

What **factors influence your decision to charge** your EV? (Check all that apply)

[Copy](#)

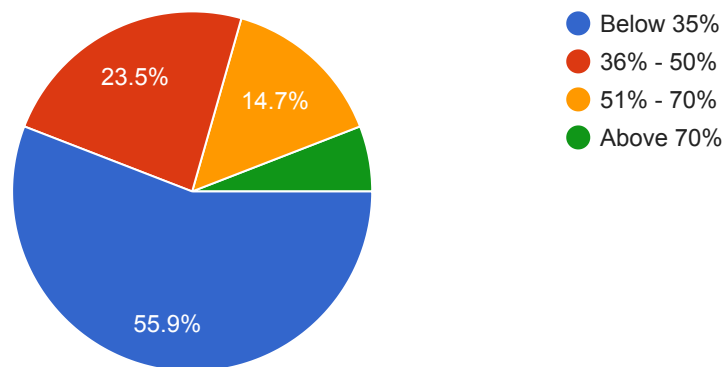

34 responses

At what **State of Charge (SoC) percentage** do you typically start charging your electric vehicle?

[Copy](#)

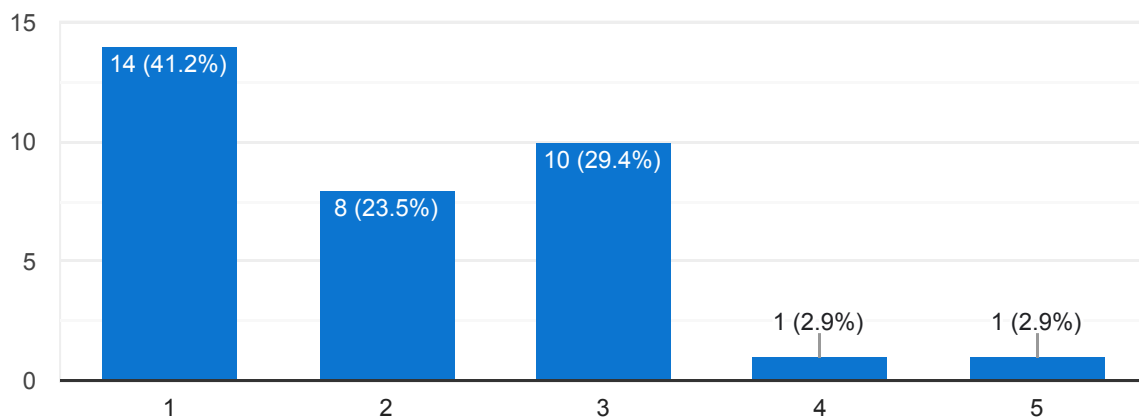

34 responses

How likely are you to choose a **fast-charging station that is farther away** to your location?

[Copy](#)

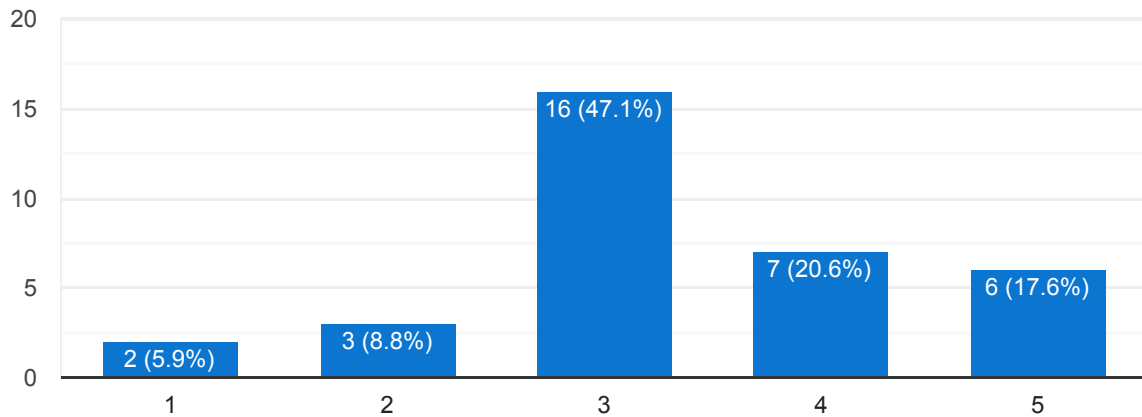

34 responses

How likely are you to choose a **slower charging station that is closer to your location?**

 Copy

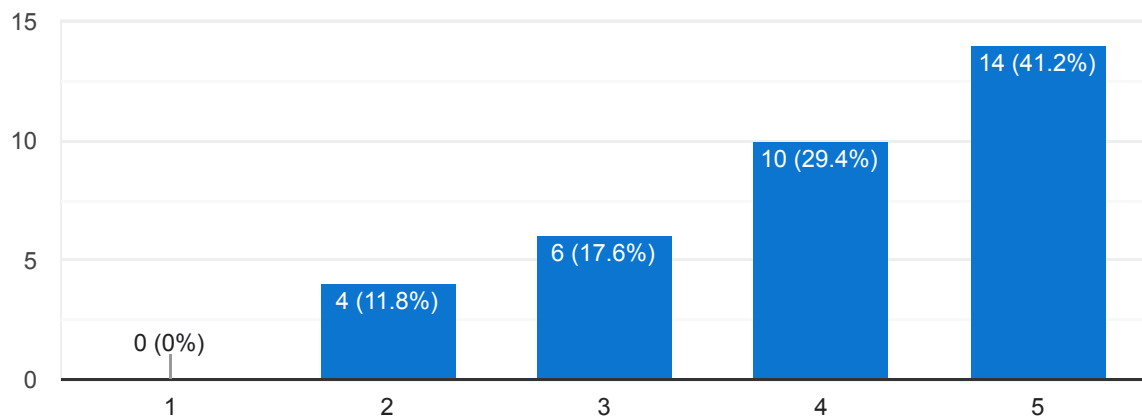

34 responses

How does **charging speed** affect your choice of parking slot for EV charging?

 Copy

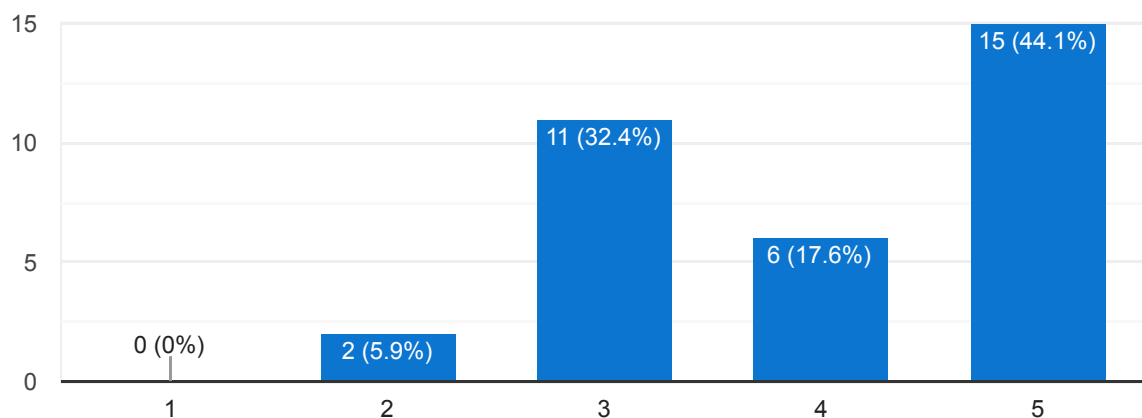

34 responses

How does the **distance to the charging port** affect your choice of parking slot for EV charging?

 Copy

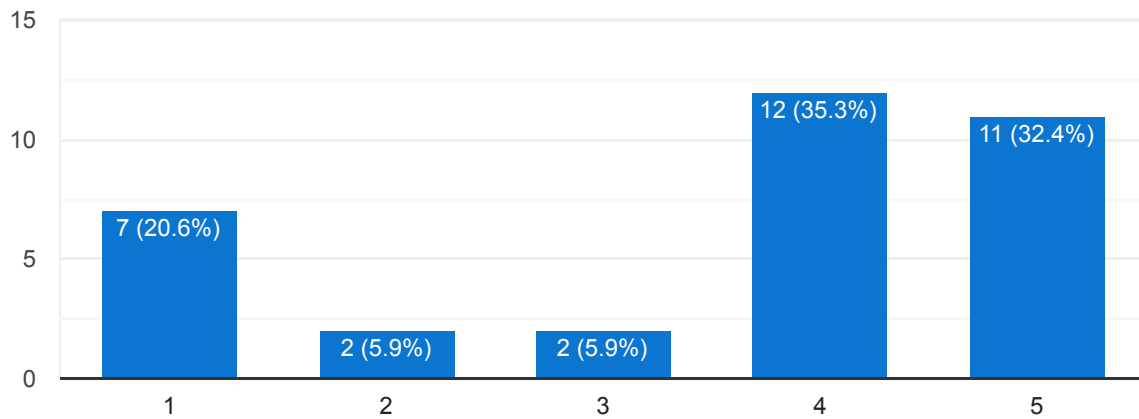

34 responses

How likely are you to **prefer charging your EV to 100% in one session?**

 Copy

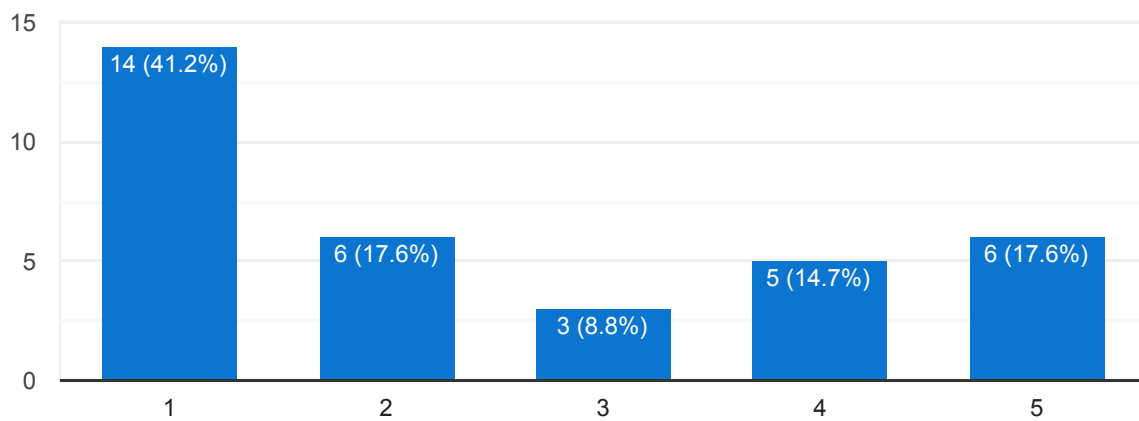

34 responses

How likely are you to **prefer charging multiple times to maintain a higher state of charge?**

 Copy

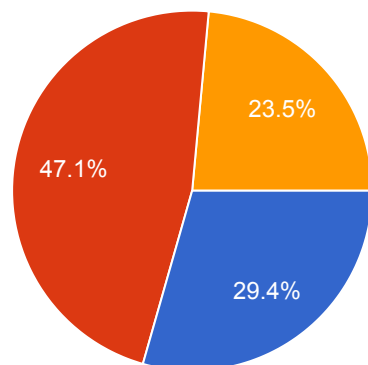

34 responses

After receiving notification that your EV is fully charged, what is your action?

 Copy

34 responses

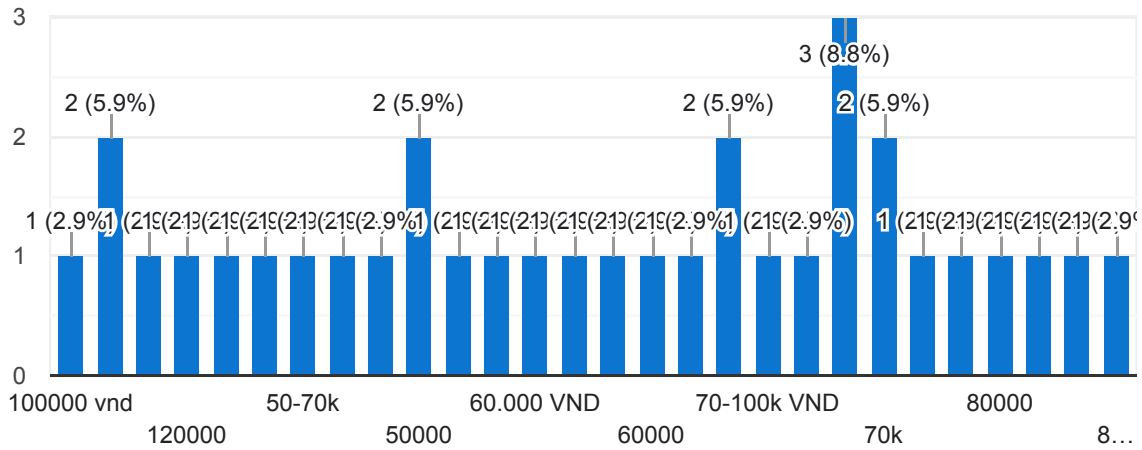

-  I promptly unplug the charge and relocate my vehicle to another parking spot, ensuring...
-  I promptly unplug the charge but do not change my parking position.
-  I keep the charge plugged in until it is convenient for me to...
-  I keep the charge plugged in until I depart from VinUni

How much money do you usually pay for every charging session?

 Copy

34 responses

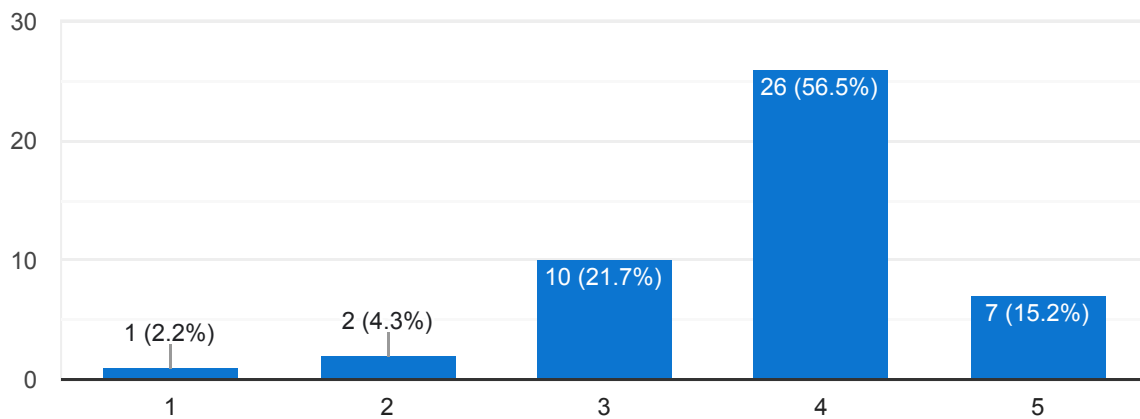

C. FUTURE IMPROVEMENTS

How satisfied are you with charging ports at VinUni?

 Copy

46 responses

What improvements or changes would you like to see in the parking area or EV charging infrastructure on campus?

12 responses

None

Increase number of charging ports, especially the fast charger

Expand the parking area

none

That would be great if I knew that the electricity I'm using is from renewable sources

More fast chargers

It would be great to have more charging ports available

More slots for gasoline car

I want to have more parking slots

It'd be great if we added solar to the charging system

N/A
